

Ice Cream Maker - Challenge #1

'I always choose two different flavours.'

'Make all the different ice creams that I can choose from.'

Did you see how muddled your teacher became trying to make all the ice creams?

It might be helpful to have a system to use - or a plan to follow.

How can we take care to make sure there are no mistakes or double ups?

You might like to use colour, pictures, lines, arrows or boxes to create a sorting system.
